

ABLE is proud to serve Haitian community members in Springfield and other parts of our service area. As a main provider of free legal services to people living in poverty in western Ohio and agricultural workers throughout the state, ABLE has assisted hundreds of Haitian individuals and families fleeing violence in their homeland. Our assistance helps them navigate the complex legal systems in this country so they may have a more stable future and realize their American dream.

We assist victims of crime, individuals who wish to apply for work authorization so they may become gainfully employed, and people seeking protection from harm in their home country through lawful means of applying for asylum or Temporary Protected Status.

We stand in opposition to all rhetoric and misinformation that dehumanizes our client communities and plays on their vulnerability as noncitizens, people in poverty, people with disabilities, and people of color. We will continue to fight for all our clients to seek justice in immigration, housing, public benefits, education, family law, and civil rights matters.
